« GETTING EUROPE MOVING! »

WEDNESDAY 19 JANUARY 2022, PARIS (LA SORBONNE)

19

JAN

35 years after the creation of the Erasmus programme, there is absolutely no doubt about the role played by European mobility, and in particular young people's mobility, in the construction of a European identity. What remains to be achieved is to make an experience of mobility an attractive choice for all and an opportunity taken up by a maximum of young people. This conference, 'Getting Europe Moving!' will give a new impetus to mobility programmes, in spite of the current the health crisis. The event will promote more inclusive and better recognised mobility for all young people including students, pupils, apprentices, etc.

The conference will be held [online](#) from La Sorbonne in Paris
